History

The roots of COLORS OF INDIA CENTER goes back to 2008 with the beginning of a simple website called "Indians In Tokyo" available at the web address www.indiansintokyo.com. COLORS OF INDIA did not existed at that time. The website "Indians In Tokyo" was made with a view to make space for the friends of India & Japan. Very soon we found that the website was gaining good traffic. We could soon realize that there had been an existing greater need for a similar platform to intensify India-Japan Diasporas. It opened an all-new dawn for us.

We started brainstorming possibilities on how Indiansintokyo.com can serve well so that the website can in real terms offer value to the society in large. Hence, we thought of changing the name of Indiansintokyo.com to "Rang DE INDIA". The words Rang DE INDIA means "INDIA, LETS MAKE IT COLORFUL". The idea behind changing the name was to give a broader sense of unity and also to extend the goodwill message from India, of India & by India to our friends worldwide.

Keeping the objective in places, we went on developing further at our backyard from the early months of 2009. After months of rigorous work, Indiansintokyo.com finally went on live at www.rangdeindia.jp in the first quarter of 2010.

On today's date, Rang DE INDIA is Japan's First Bilingual English & Japanese Daily Indian News & Media Services provider.

Rang DE INDIA media platform is an early stage initiative to connect today's infinite opportunity between India and Japan. Rang DE INDIA offers world-class web media platform with bilingual English and Japanese interface backed by custom made robust web technology build over a period of 4.5 + years since its inception from the first phase of its creation. Robust new look and feel of Rang DE INDIA is due in few months, will surely make Rang DE INDIA as one of the prominent Indian media portal available anywhere. But the real beauty of Rang DE INDIA is more than just an Indian media portal. It is a portal made for Japan to connect with India; it is a portal made for India to share the warmth of India with Japan.

Rang DE INDIA is now a part of COLORS OF INDIA CENTER. COLORS OF INDIA CENTER has started operating from the 15 August 2011. India-Japan vide has started and has yet to reach zenith.
